

We have renewed all client banner ad campaigns on theBubbler.com for 2008 as your value-added service for December 2007. Your site's 468 x 60 animated banner will show at the top of the page in one category. Your 125 x 125 animated banner will appear a minimum of 50,000 times, in random rotation, throughout theBubbler.

An "impression" is a view. When a page comes up and a set of eyeballs sees it, that's an impression. We are proud to have the highest ranked Wisconsin web guide and directory for traffic as our vehicle to show off your ads.
