

Shipping Integration

Our e-commerce software can be configured with various different shipping options, from flat-rate shipping or table rates based on zip codes to calculated rates from third party shipping vendors like UPS and FedEx. Some of the shipping methods and integrations we offer include:

- Free shipping
- Per-item shipping
- Zip code based table rate shipping
- Product weight based table rate shipping
- [UPS](#) integration
- [USPS](#) - United States Postal Service integration
- [FedEx](#) integration
- [DHL](#) integration
- Old Dominion Freight integration
- ...and many more!

We can also custom develop a shipping solution based on your needs! Please [contact us](#) for more information!
